Floco Flow Meter Application Data Sheet

General Specifications				
Application Description:				

Element				Readout Features	
Liquid to be Metered				Check Those Desired	
Viscosity					
Density				Available Power	
Pressure	max.	Op. pres.		Totalizer Units (BBL, GALS, etc)	
Temperature	max.	min.	avg.	Resettable (Y/N)	
Flow rate	max.	min.	avg.	Flow Rate Indicator (BPD, GPM, etc)	
For use in Sour Service? (Y/N)					

Piping Requirements		
Check Those Applicable		
Flanged		ANSI Rating:
Threaded		Flow Line Size:
Downsteam Flow Restriction:		
Meter is Located Upstream of Control Valves (Y/N)		
Other		Describe:

Company	
Address	
Project Name	
Prepared By	
Approved By	
Department
